IN MEMORIAM GRAND MASTER NGUYEN VAN CHIEU

"It would have been his 75th birthday and, as every year, we would have made videos in various clubs and nations to send him live greetings. The last video was recorded in 2019, on the occasion of his 70th birthday in Germany, during the European Junior Championship. The dates were exactly the same as this Championship. We were many and, together, during a meeting of the EVVF, we shot and immediately sent that video.

I was fortunate to be present at his 60th birthday in 2009. I was in Vietnam for the Asian Indoor Games and a beautiful surprise party was organized, of which I still have wonderful memories. Every memory of the Master is precious. Unfortunately, now it is just a memory, because his absence is felt. However, we are his students and, as such, we carry on his work and his memory, passing it on to those who have not had the fortune to know him.

In 2023, I returned to Vietnam to train. It was the first time I returned to his home and to the Q8 Sports Center, among all his direct students, after his disappearance. It was a great emotion because there I realized how much these people continue to carry on the memory of our Great Master. You can feel how much they miss him, but at the same time you can perceive the deep love towards him and the determination to do everything possible to preserve his memory.

These are the things that make you understand how much he was really a true Master. Not just a Master of Vovinam, but a man who knew how to be a Master in his life and transmit this to those around him.

Thank you, Master. You will remain forever in our hearts."

10 YEARS IN HEAVEN

IN MEMORIAM

MASTER

GABRIEL IONUT NECHITA

(06.08.1976 – 26.11.2014)

EVVF PRESIDENT – TERM 2 (2013-2014)

Master Gabriel Ionut Nechita, born on 1976 in Iasi, Romania, was a luminary in the world of Vovinam. With a distinguished career that spanned academia, business and martial arts, Gabriel's impact on Vovinam was profound and far-reaching. Those close to him were amazed by his boundless energy, allowing him to train in martial arts while obtaining an MBA and PhD and later in life to juggle between being a husband and father of two children, running a successful consultancy business and playing an instrumental role in the development of the Romanian and European Vovinam Viet Vo Dao Federations.

A 4th Dang Vovinam Master, Gabriel's dedication to Vovinam knew no limit. As an athlete representing his country, Romania, he competed from 2004 to 2009 in the European and World Vovinam Championships achieving great results. His leadership and decisiveness naturally brought him to the forefront of the national scene in Romania, initially as head of referees and National Championships Committee and later as President of the Romanian Vovinam Viet Vo Dao Federation until 2013. He also gradually took more prominent roles on the European scene, as an international referee, head of referees and ultimately President of the EVVF.

As President of the European Vovinam Viet Vo Dao Federation (EVVF) from 2013 to his death, he led initiatives that elevated the Federation to new heights. From fostering international relations to organizing seminars and championships, Gabriel's leadership transformed the Vovinam scene in Europe.

Tragically, Gabriel's journey was cut short on November 2014, after a courageous battle against cancer. His passing was a profound loss to the world of Vovinam, leaving behind a legacy of passion, dedication and excellence.

As we remember Gabriel, let us honor his contributions to Vovinam and strive to carry forward his vision of unity and growth within the Vovinam community. Although he is gone, his spirit lives in the hearts of all his friends around the world, from Vietnam to Europe and Africa. We all continue to be inspired by his legacy. Rest in peace, Master Gabriel Ionut Nechita, your impact on Vovinam will never be forgotten.

A. WELCOME SPEECH

A1. **Laura Borella** | **Giovanni Camarda** Major of Lissone | Sport Advisor

We are very pleased and proud to host the sixth edition of the European VVD Championship, an international event that will bring to the city of Lissone the mastery of athletes coming from ten different countries. This competition celebrates the talent and determination of all the competitors and it is also a great opportunity for our community to get to know this sport which is based on ancient Vietnamese martial arts, it is suitable for everyone and important for learning self-defense. Vovinam is not only a sport but a philosophy and a way of life.

This Championship is a great chance for Lissone's citizens to share and live the athletes' passion and sacrifice, values that are essential to achieve important goals.

The municipal Administration supports and promotes sport events of this level, which have a remarkable social importance and go beyond simple physical activity.

We wish everyone an exciting competition.

A1. Dr. Mai Huu Tin

President of WVF

Dear European Vovinam brothers and sisters!

Greetings from Vietnam!

Welcome all to the European Championships in Italy this year! I am writing you with a very warm heart when I remember all the good moments I was able to experience with my European Vovinam siblings.

2023 was a very good year for all of us in many aspects. We celebrated the 111th birthday of our founder master Nguyen Loc and the 85th anniversary of our school of martial arts at a remarkable event held in Vietnam. Then we organized the 7th World Championships, also in Vietnam, together with the addition of Vovinam to the list of intangible cultural heritage of the country. The Third Congress of WVF, taking place at the same time, counted 51 countries with Vovinam organizations affiliated to WVF, out of the 70 countries or so in the world where Vovinam is present. For the first time, we revised all our operational statutes and regulations in accordance with requirements by the International Olympic Committee. Also for the first time, we saw many more members from EUVF in the Executive Committee of WVF. I owe a debt of gratitude to Master Florin Macovei and Thanh Nha Berrier for their many years of outstanding and continuing services to WVF. I am happy now to work alongside new officials of WVF like Master Vittorio Cera, Vice President and Chairman of the Sport Commission; Master Du Trần, Referee Director and Master Giuseppe Pollastro, Competition Director. EUVF has never been so involved and valuable to our development worldwide.

We started 2024 with a visit by the children of his founder master Nguyen Loc to Vietnam. For those who are not aware: the master has 3 sons and 6 daughters. All the 3 sons - Nguyen Dao, Nguyen Chinh and Nguyen Quang - are Vovinam practitioners. We are blessed with their support and services too.

So European Vovinam brothers and sisters! Though I can't be there with you in person for this Championships event, I am with you all the time in spirit. I wish you all a successful event, always with love and dedication to the wonderful cause of Vovinam of which you are great promoters.

Dr. Mai Huu Tin

A0.Florin Macovei

President of EVVF

Once again our Italian friends, led technically by the enthusiastic Master Vittorio Cera, VP/Technical Director EVVF and VP/Chairman of WWF Sport Commission and organizationally as President of ASD Vovinam Viet Vo Dao Italia by Master Luca Marzocchi, also Head of EVVF Marketing Commission, it shows that their martial spirit is strong and their ability to mobilize is at a high level as usual.

The collective of Masters that coordinates the activities of promoting Vovinam in Italy is cohesive and impressively dedicated, a true example and inspiration for the other European organizations.

This collective is now represented worldwide also by Master Giuseppe Pollastro, Director of WWF Competition Committee, already Head of EVVF Competition Commission. Master Pollastro has an important and special contribution in the organization of this Championship in particular.

Florin Macovei

In addition to the sporting aspect, any international competition also means a cultural exchange, an opportunity to get to know each other better and strengthen our bonds of friendship. After so many organized activities in Italy in the past years, we got used to the culture, people and food of the place. For the European Vovinam, Italy means home!

A1.Luca Marzocchi

President of Vovinam VVD Italy

We are proud to welcome the EVVF European Championship to Italy once again. This tournament will bring together athletes from all over Europe to compete at the highest levels and showcase their skills to claim the podium.

Vovinam Viet Vo Dao competitions are not just about sporting challenges but also provide cultural exchange and enrichment opportunities. Martial arts, particularly Vovinam, are founded on fundamental values such as respect for the opponent, discipline, perseverance and integrity. These values are intrinsic to our martial art and are practiced in preparation and during competitions, as well as towards other participants.

It is important to remember that an athlete's worth is determined not only by their final placement on the podium but also by their commitment, sacrifice and dedication through the journey. Every competition is an opportunity for personal growth, in comparison with oneself and with other peers.

I wish all athletes the best of luck and encourage them to give their best, to surpass their limits, and to feel like winners simply for being here, ready to test themselves in an environment of high-level sportsmanship and humanity. May this EVVF European Championship be an unforgettable experience for everyone, filled with emotions and moments of growth!

Luca Marzocchi

B.HOST COUNTRY

B1.ITALY

Italy is one of the main destinations of international tourism. It combines carefree recreation on the sea coast with shopping in the capital of fashion; tours to the places where the culture of Western civilization was born, and incredibly delicious Italian cuisine. This is a country of love for life and its essence. Proofs can be found in every beautiful corner of this country. It is easy to fall in love with Italy. All you have to do is look around.

Italy gave the greatest artistic geniuses to the world: painters, architects and sculptors who left hundreds of masterpieces on the Apennine Peninsula. 53 of them are included in the list of the UNESCO World Heritage Sites, more than in any other country in the world. The main cultural centers in Italy are Rome, Naples, Milan, Florence, Venice and Turin.

This country makes you feel like in a corner of paradise. The unbelievable nature of the peninsula surrounded by five seas, scattered with 1500 crystal clear lakes, decorated with extraordinary plants, takes you to another world where even a simple act of breathing seems different.

Every person who plans to visit Italy is getting ready for marvelous daily meals in advance. And not in vain! Almost at every step, you shall find a cozy restaurant, cafe or a family tavern with Mediterranean pasta, pizza, minestrone, carpaccio, risotto, lasagna. Order a good glass of wine from a local home winery and, for dessert, the worldwide known Italian gelato.
